INTRODUCTION

The heritage-listed Mission to Seafarers building (c.1917) on Flinders St in Melbourne's Docklands serves a special place in the life & community of those who live and work at sea.

Australia relies on shipping & seafarers to connect to the world & to bring goods to our homes for the economy to thrive, & for the health of our island nation. The Mission to Seafarers provides welfare services to support the tireless work & hardships faced by those seafarers. Income derived from functions & events ensures that the dedicated team of staff & volunteers can continue to provide comfort, a friendly face & a sense of community to the tens of thousands of seafarers who visit the Port of Melbourne annually.

The enchanting Arts & Crafts style design offers a unique venue for functions & events of all styles and sizes. Resplendent following extensive renovations, it features a sunbathed Spanish-style courtyard full of rustic charm, a cottage garden, private balcony, historic chapel, the magnificent Norla Dome & the large Main Hall - the possibilities are endless.
